Morgan Funcke

Morgan Funcke is a dancer and choreographer who is so excited to share her piece, “Trials and Tribulations”, in EMERGENCE 2026. Through her movement and choreography, she hopes to illustrate both the beauty and despair that life brings us as humans throughout time. Her work is rooted in the contemporary style and is a blend of both athletic choreography and storytelling. Morgan is beyond excited for everyone to see her incredibly talented cast, as well as her fellow classmate’s work!
